Justin **Maurin**

First Year in ENSEEIHT, SN

hita-arima

Education

Lycée Thiers — Marseille - France

Preparatory classes for the Grandes Écoles (CPGE): MP2I, then MPI* — 2024 - 2026

Lycée Général et Technologique Maurice Janetti — Saint-Maximin-la-Sainte-Baume - France

French general baccalauréat, specialisms in Mathematics and Computer Science (NSI), with highest honours (Très Bien) — 2020 - 2024

Projects and Experience

A Loud Sight — Hitacium/A-Loud-Sight

TIPE (Tétra-concours): sensory substitution — August 2025 - Present

- Virtual environment implementing The vOICe algorithm in the Godot game engine
- Used to test the brain plasticity of visually impaired users through algorithms that turn images into sound

Oral Examiner (Colleur), Final-Year Class

Oral sessions for the special Terminale T2 class — September 2024 - Present

- Special oral format to prepare students for CPGE and higher education in general
- Wrote exercises, including one inspired by the Mines 2008 problem on semi-linear maps

Private Tutor

Private lessons in Terminale Mathematics specialism — September 2023 - June 2025

- Prepared summary lessons and baccalauréat practice exercises
- Home tutoring and in-depth coaching

Concours Général Preparation

Organised extracurricular training with a teacher — September 2024 - March 2024

- Dedicated slot to prepare for the final-year national competitions
- Helped promote the exams

Observation Internship at an Aerodrome

Year 9 work placement — 2020

- Alongside the BIA (aeronautical certificate), helped run an aerodrome for a few months in addition to the internship
- More advanced notions of glider flight

Reading

Algèbre linéaire by Patrice Tauvel

- In-depth study of duality
- Discovery of sesquilinear forms

Analyse complexe by Eric Amar and Étienne Matheron

- Complement to the MPI differential calculus course
- Discovery of holomorphic functions → analytic functions

Skills

Programming	**C**, **OCaml**, Rust, LaTeX, Typst, Python, GDScript
Languages	**French (native)**, **English (B2)**, Spanish (B1), Japanese (N5)
Software and tools	DaVinci Resolve, Ableton Live Suite 10, Godot, Blender

Other

Interests	Music production in a DAW, guitar and piano, 3D modelling, flight simulation, video creation
Sports	Table tennis, trampoline, climbing, running
